Symposium Subject:
Consolidation & Globalization's Impact on Maintenance and Safety.

Location:
ATLANTIS
PARADISE ISLAND BAHAMAS

Date:
November 12-13,
2024

Organizers:

Dear TES Dubai 2024 visitors and exhibitors,

Good things come to those who wait, and we've been waiting at least four years for the inaugural edition of The Elevator Show (TES) Dubai 2024. Now that the upheaval brought about by the COVID-19 pandemic has eased, organizers AFAG and Elevator World, Inc., with a combined network of over 100,000 contacts worldwide, are confident TES Dubai will become known as the Middle East region's top industry event, bringing together international players every two years to do business and network as they see firsthand the latest technology, designs and services for the most important part of any structure — its vertical-transportation (VT) system. Judging from interest in the inaugural edition of the show — with 110 exhibitors confirmed — TES Dubai is well on its way to becoming a must-attend event.

TES Dubai 2024 offers a prime meeting location that represents a gateway between the East and West. Exhibitors from 14 countries are ready and waiting to discuss their latest innovations and work on deals. There will be complete lifting systems of all kinds and touchless alternatives to elevator buttons — hearkening to the pandemic that upended countless events, including this one. The way the VT industry responded with innovative public-safety solutions is indicative of our resilience and ingenuity — ingenuity that will be on full display at TES Dubai — not only this year but for many years to come. Those on hand at TES Dubai 2024 are waiting to talk business with you!

T. Bruce MacKinnon
President Elevator World

Welcome to The Elevator Show Dubai TES

It is our pleasure to welcome you to the first edition of The Elevator Show Dubai. We are delighted that the industry has shown such interest in the new show format. It is a special pleasure for us to organise The Elevator Show Dubai TES together with our long-standing partner Elevator World.

More than 110 exhibitors from 14 countries will present their products and services to the lift industry at the new industry platform in Dubai. For a first time event, it is a great honour to announce that we are fully booked on the exhibitor side.

The aim of The Elevator Show Dubai is to provide a platform for the fast growing MENA region as well as visitors from India, Turkey and Asia. We would like to extend a special welcome to these visitor groups.

As we are also the organisers of the world's leading trade fair interlift we would like to invite you to visit us at the interlift 2025 in Nuremberg - Germany. The world's leading trade fair for the lift industry will take place from 14 to 17 October 2025 at Messe Nürnberg.

Now in Dubai we are particularly looking forward to seeing familiar faces from the industry, as well as making new contacts. AFAG has been organising trade fairs since 1947 and The Elevator Show Dubai 2024 will be our first show outside of Germany. We are delighted that so many exhibitors are joining us on the journey to Dubai.

We would like to thank the Dubai World Trade Centre for its partnership and hospitality in Dubai. We wish you all a successful show and good business.

Yours, Henning and Thilo Könicke
Managing Directors, AFAG Messen und Ausstellungen GmbH,
Organiser of The Elevator Show Dubai TES
